# RETAINING WALL BUILDING PERMIT OVERVIEW

## OVERVIEW

The City has compiled an overview for you of the process for adding improvements to a home in the City of Elk Ridge. **Please read all of the information in this packet. You will be held responsible for the information provided.** The Building Permit process is crucial to a safe and structurally sound structure. The following items are absolutely necessary in order to start the permit process and are required before plans will be accepted and forwarded to the Building Inspector for a Plan Check Review.

## STEP ONE: PERMIT APPLICATION

A. **Email** the following to [ruby@elkridgecity.org](mailto:ruby@elkridgecity.org):

1. Completed Building Permit Application
2. Plans drawn to scale
3. Stamped Structural Engineering
4. Site plan with drainage and setbacks indicated
5. Any additional items needed to understand scope of project.

B. Plan Check Fee of **\$200 CASH OR CHECK ONLY** (Applied to permit fees). If the office is closed the plan check fee can be dropped off in the green box by the flagpole. Please indicate on the check it is for a building permit.

## STEP TWO: PERMIT FEES

After the plan review is completed you will be contacted regarding the fees needed in order to obtain the building permit. The **permit number** will be assigned upon receipt of permit fees. The permit number is needed to schedule inspections.

## STEP THREE: INSPECTIONS

Retaining walls that are not concrete are required to provide a construction observation letter from the engineer of record certifying the wall was constructed according to the plans. The letter will need to be onsite for the final inspection and emailed to [ruby@elkridgecity.org](mailto:ruby@elkridgecity.org). The final inspection will be done through **Sunrise Engineering**. **Please contact them directly to schedule your final inspection: 435-743-6151.** A printed copy of the approved plans and the site plan review letter all need to be onsite and available for the inspector at the final inspection. The required inspection for retaining walls which are not concrete is:

1. Final (with the construction observation onsite from the engineer of record)

Retaining walls that are concrete will need to call **Sunrise Engineering**. **Please contact them directly to schedule your final inspection: 435-743-6151.** A printed copy of the approved plans and the site plan review letter all need to be onsite and available for the inspector for all inspections. The required inspections for retaining walls which are concrete are:

1. Footing
2. Rebar
3. Final

## STEP FOUR: CERTIFICATE OF OCCUPANCY/COMPLETION

Upon City approval after passing the final inspection a Certificate of Completion is issued and emailed to the email address listed on the application.
