RE: Acceptance into Durability

Dear Mayor Ellis,

The final inspection for C&L Estates for public improvements has been completed. All of the items on the final punch list has been completed and the project is ready for entrance into durability.

If the improvements are accepted the beginning of the one-year durability period, based upon final acceptance, is May 25, 2021. The type II slurry seal should be placed as weather permits next year or when the Public Works Director directs that it should be completed

Thank you,

  
David Jean  
Public Works Director
