RE: Acceptance into Durability Dryland Subdivision

Dear Mayor Haddock,

The final inspection for Dryland Subdivision for public improvements has been completed. All the items on the final punch list have been completed and the project is ready for entrance into durability.

If the improvements are accepted the beginning of the one-year durability period, based upon final acceptance, is February 20 , 2022. The type II slurry seal should be placed as weather permits next year or when the Public Works Director directs that it should be completed

Thank you,

A handwritten signature in black ink, appearing to read "Brandon Hundley", is written over a set of horizontal lines.

Brandon Hundley
Public Works Director
