RE: Acceptance into Evelyn's View Subdivision

Dear Mayor Haddock,

The final inspection for Evelyn's View Subdivision for public improvements has been completed. All the items on the final punch list have been completed and the project is ready for entrance into durability.

If the improvements are accepted the beginning of the one-year durability period, based upon final acceptance, is September 15, 2022. The type II slurry seal should be placed as weather permits next year or when the Public Works Director directs that it should be completed

Thank you,
