1 2 2	ELK RIDGE CITY COUNCIL MEETING Sentember 10, 2024
3 4	September 10, 2024
5	TIME AND PLACE OF MEETING
6	This public hearing was held in conjunction with the regularly scheduled meeting <b>Tuesday</b> ,
7	September 10, 2024, at 7:00 PM. The meeting was held at the Elk Ridge City Hall, 80 East Park
8	Drive, Elk Ridge, Utah. Notice of the time, place, and Agenda of this Meeting was provided to the
9	Payson Chronicle, 145 E. Utah Ave, Payson, Utah, and to the members of the Governing Body on
10	September 9, 2024.
11	
12	ROLL CALL
13	Mayor: Robert Haddock
14	Council Members: Jared Peterson, Tanya Willis, Melanie Paxton, Charles Wixom, Cory
15	Thompson
16	Others: Royce Swensen, City Recorder, Laura Oliver, Deputy Recorder, Deputy Monsen,
17	Public: Maureen Bushman, Nate Brusik, Larry Lee, Nelson Abbott, Shelby Peterson, Mark
18	Peterson
19	
20	COUNCILMEMBER WILLIS MOTIONED TO APPROVE THE AGENDA AND THE TIME
21	FRAME COUNCILMEMBER THOMPSON SECONDED
22	
23	VOTE(5) AYE(0) NAYAPPROVED
24	OPENING – Nelson Abbott
25	
26 	PLEDGE – Paisley Campbell
28	PLANNING COMMISSION UPDATE
29	Maureen Bushman stated the Lighthouse Heights Subdivision amendment was discussed. The
30	three points of topic were the grading, retention pond and drainage on lot 12. It was
31	recommended by the engineer of Jones and DeMille to approve with the restriction of no further
32	cuts and fill by landowners, the retention basin to have an engineer verified certification of the
33	pond volume, and the swale on lot 12 be protected by an easement. All items need to meet the
34	city code.
35	
36	PUBLIC FORUM
37	Nelson Abbott stated the fire department now has "no parking" signs up in the fire department
38	parking and needs to be enforced. On busy nights like tonight with a meeting, and soccer there
39	are cars parked in the lot. He would like clarification on launching rockets in the city and when
40	that changed to be prohibited. People are being cited by the deputy.
41	
42	Mayor Haddock will talk to the Fire Chief for clarification.
43	
44	PUBLIC HEARING
45	
46	BUDGET AMENDMENT ELK RIDGE DR PROJECT

52 53		VOTE	AYE (5)	NAY (0)	APPROVED	
55 54		Mayor	Haddock stated the ci	ty will be doing ro	oad improvements from 11200 where the county	
55		project	ends to Sky Hawk w	idening the road t	putting in water lines and a trail. The county will	
56		be doin	g the improvements.	The cost is \$250.0	000 which half of the cost it would be of \$500,000	
57		which i	s a good deal. The wo	rk will be done in	1 the spring. The developer of Ambleview will	
58		reimbu	rse the city for the im	provement instal	lled at that time. <u>Councilmember Willis</u>	
59		recomn	nended recording the	eimbursement.

78			lmember Willis	AYE		
79			lmember Thompson	AYE		
80		Counci	intentoer monipson	AIL		
81	2.	LIGHT	HOUSE HEIGHTS	SUBDIVISION	PLAN AMENDMENT	
82	2.				ned because the council gave a substantial	
83		excepti	on before and does no	t want to set a pre	ecedent of giving another substantial exception on	
84		top of t	he previous exception	. He does not war	ant to give the impression to anyone in the city that	
85		council	is willy nilly with ma	king big exceptio	ons. If voting nay to prove this point, he will.	
86		Counci	lmember Wixom state	d this makes it ha	ard to enforce the code consistently when someone	
87					the code before. Councilmember Peterson stated	
88					de states you can't have a cut or fill over 7 feet,	
89		Lightho	ouse had some that wa	s over that. With	the topography Lighthouse was granted the	
90					ncil is to level off some of the lots to make a better	
91					red on the plans the area where the first exception	
92		was loc	ated, those lots were 1	ecently graded do	own a little further than the original amount.	
93		Discuss	ion ensued on protect	ing drainage, and	a swale and who maintains the easement.	
94		Counci	lmember Peterson stat	ed the engineers 1	recommend making an easement where the swale is	5
95		to prote	ect the swale from bein	ng altered by land	lowners. Mayor Haddock stated the R-1-15,000	
96		does no	t have restriction of c	ut and fill that the	e CE3 and HR1 zones. Councilmember Peterson	
97		stated t	he new grading is actu	ally better for dra	ainage and mitigates the need for a lot of retaining	
98		walls.	The topography is all	2-1 slopes per city	y code and doesn't require any retaining walls at	
99		this poi	nt. <u>Mayor Haddock</u> st	ated retaining wal	lls that happen during the building process is a	
100		aifferer	it issue. <u>Councilment</u>	ber Peterson stated	d the engineers do not recommend allowing further	
101		cuts and	a must during the build	ing process. He h	has been saying for a long time that builders needed	1
102		to put t	he structures in, like th	iey do in St Georg	ge, and prepare the lots so the building lot drainage	ć.

103	is already in place	to prevent the runoff	problems of flooding neighbor	ing homes.

256 257 258	WUI? This makes it sound like they are protected in all zones, is this correct? <u>Councilmember</u> <u>Peterson</u> questioned whether that belonged on the General Plan, there are a lot of areas that are incorporating code when it should be general. Discussion ensued on whether the WUI fire code
259	should be put in the General Plan. <u>Councilmember Willi</u> s page 9 recommends an asterisk stating
260	*all features must be verified at time of development. <u>Councilmember Peterson</u> asked about page
261	8 referring to the CE2 code, and why was it in the plan it's no longer in the code. <u>Councilmember</u>
	<u>Thompson</u> confirmed that the CE2 zone is still in the code. Discussion ensued on the CE2 area
262	
263	which is only in the Association and should it be rezoned. <u>Mayor Haddock</u> stated that a zone
264	change of the CE2 is outside the general plan discussion. Discussion ensued on page 10 and
265	removing the paragraph containing 5 acres. Page 13 needs to reference the current map and
266	remove the link. <u>Councilmember Willis</u> would like to reference E-Bikes in the general plan and
267	to adopt E-Bike code. <u>Councilmember Thompson</u> stated there is state code for E-Bikes, the
268	general plan is not the place to codify the code. Discussion ensued on the transportation map and
269	to remove the second line of the asterisked statement on the transportation page. <u>Councilmember</u>
270	Peterson stated page 16 connectivity needs to be removed and it says trails need safety elements;
271	this needs to be addressed in code. Stress the importance of trails; that they need to be safe and
272	maintained, have access and not go into the specifics. Discussion again ensued on being too
273	specific and putting code into the general plan. Councilmember Willis stated Page 17 paragraph 3
274	says "should" when it needs to say "will". Council looked at surrounding cities' General Plan.
275	Councilmember Wixom stated the council needs to focus on what is the city vision, and how to
276	get there. Councilmember Paxton stated this general plan is coming from the Planning
277	Commission and it has what they thought was important to have and they worked on this for a
278	year and a half. Council will research other codes in the next 2 weeks and continue the General
279	Plan discussion next meeting.
