RE: Evelyn's View Subdivision

Dear Mayor Haddock,

The inspection for the above mentioned subdivision's 1 year durability period has been held. The developer has satisfactorily completed all items. However, the city will maintain the durability on the following items a 1 year durability period: the road patches on Olympic Lane and patch on Elk Ridge Drive that was required after the final durability inspection. There are no other outstanding requirements of the developer.

I recommend the release of durability, except for above stated items, of Evelyn's View Subdivision.
